ERRATA

The Pilgrim Edition of Dickens's Letters

On p. 180, line 6, for "with frequent encounters," read "without frequent encounters," and line 7, for "without their thousands," read "with their thousands."

The portrait of Georgina Hogarth in the character of Lady Grace in *The Lighthouse*, which was reproduced as the frontispiece of the volume for 1964 was wrongly attributed to Augustus Egg. It was the work of Charles Allston Collins.
